Explanation of the Petrography.

Granite	1
Monocline Shales	2
Sandstone	3
Yellow Limestone	4
Un-crystallized compact Limestone	5
Stratified Limestone	6
Stratified Sandstone	7
Blue Shales	8
Blue Limestone	9
Yellowish Sandstone	10
Yellowish Limestone	11
Reddish Limestone	12
Reddish Sandstone	13
Reddish Limestone	14
Reddish Sandstone	15
Reddish Limestone	16
Reddish Sandstone	17
Reddish Limestone	18
Reddish Sandstone	19

When Colours in Stripes are diagonally, they are composed of the different kinds of Rocks.

The Colours which form only an outline do not refer to the Petrography, but to the People.

Commercial entrance Stations are marked thus.
