We are just now in receipt of your favor of 19th Ult^o. respecting the New edⁿ. of your paper of May 20th - and shall be happy to take it from you but must beg leave to remark - that we have but little call for music of this sort - which you will believe when we tell you that the last book which we took from you of the same nature scarcely paid us up to this time - we therefore hope you will be satisfied with £7. instead of £10. - We beg also to acquaint you that your bill upon us for the skins has been duly honored but ^{we must} require ^{you} to deduct £3 - on our next acc^t. as Mr. Gannet of Bath refuses to pay it altho' included in the bill. - We now beg to ask favour of you and shall feel very thankful if you can oblige us - it is to get us if you possibly can amusical autographs of Haydn & Beethoven - we want it for a particular purpose and feel assured that you will endeavour to comply with our wishes - hoping soon to have the pleasure of hearing from you in return.
