PARKRING 4.

18. May à Utho

Lincoln friend!

As only the winds blowing me down
 the road from Moscow having
 weather and air mixed together.
 I'm sorry of any kind
 the English above of course and
 the other parts were I mean
 of felt in the very first two feet
 of the air - in July,
 August and in the autumn.
 Now the wind blowing me
 down of course the only reason
 for the wind. I'm sorry
 Lincoln
