Princeton, N.J.

Just a very hurried word to thank you for your  
good letter, and tell you that simply it would  
be foolish to worry about the commercialisation  
of the book: that's out of your responsibility,  
and is only a matter of patience, for there is  
no doubt that finally the book will be sold.  
I am happy that you had such a good  
vacation! My thoughts to both of you and love
