9. 7. 75. (Dearest! About Mary we shall  
decide on 1 Aug, when I must come here  
for two days again. fervently I desired to see  
you on Sunday's, but I must loose the whole  
night of Saturday, and I sleep so very few, I  
could not endure it. Pray tell me now instantly,  
whether Mary shall begin with the Confitures, in  
the time from 12 till 30 Juli she may complete,  
if you have the mind to keep her in our house,  
she excused a little her inconvenient behaviour.  
Wednesday I was at the Conservatory, dramatic concert  
Yesterday with Judy in ~~Tralce~~ first's playhouse.  
We take a bath every morning and are very  
impatient to reach our Asylum probably  
on Tuesday 2 afternoon. If good weather, pray  
do await us with Ada (and Spi for the baggage)  
I ad be you I embrace you both Lewis
