L. J. V. Dearest, I got your last card
in just time for going ^{yesterday} still to P. before
my departure and offering her my intervention
for receiving a half-pay ticket for Passau.
She was very glad and will start immediately
after having it, she gets it to-day. I found
her very resolute and valorous, although
she knows her horrible situation very well.
As for myself I have my ticket and shall be
very happy to see you with Ada tomorrow at
1.30 on the "gare," if the weather will permit it,
which is here very bad, cold, rainy, stormy.

Yesterday song and piano with Evers in our home.
