Dear Mr. Ataria.

I am so glad you
like my Requests. I have
been meaning to write to you
about an exhibition of English
drawings. It seems that the
authorities at the Albertina
are anxious to acquire some
examples of contemporary English

drawings and I thought that
the best plan would be to have
a small exhibition in Vienna ~~which~~
~~I should be able to~~ from which
they might select what pleased
them. If you thought of doing it
I should be very glad to help
and I think I should be able
to select a representative collection
of the best work that is done
at present in England.

Let me know if this idea

seems to you a practicable one.

I have not received my Handzettelungen
for the last 2 months. that is to
say Band A Lieferung 8 is the
last I have had. Will you
kindly see that they are sent.

Yrs. sincerely
Roger L. Fry
