Dear Mr. Artaria

Thank you for your
kind letter about the exhibition.

I will between now and
March endeavour to collect
40 representative drawings
and have them dispatched.

when you are ready to receive
them. I hope that the exhibition
may attract attention.

I quite agree that it would
be well to arrange for a
further exhibition in various
towns in Germany.

Many thanks for despatching
the Albertina drawings.

Have you heard of the Verani
Club: it is a society for publishing

fine reproductions of drawings in
English collections. The subscription
is one guinea and for that one
gets about 30 fine reproductions
in Collotype. I think you might
know many people who would be
willing to join. If so would you
communicate with the Secretary

~~Mr. Gitt~~ Mr. G. F. Hill. British
Museum, London.

Yrs. sincerely

P.S. Please send me a photograph
of the Tiepolo as soon as you
can I should like to get it
for the Metropolitan Museum
New York if it is of superb
quality and not ^{too} expensive.
