

Dear Sir! Your letter of the 24th Inst. has been duly received. — My firm will be able to find you accommodation at once in England. As it is impossible to treat by Correspondence you had better pack up and come over at once, and see me on your arrival. — As you will doubtless not be able to bring ~~to bring~~ the whole of the effects you would require in case you should remain, you had better give instructions for them to be sent after you so that, if need be, you could take up your ~~old~~ residence without having to return to Germany. Yours truly

London
21. Octob.
